APPENDIX C UNIQUE IDENTITY IDENTIFIER

All 501(c)(3) grantees must acquire a Unique Entity Identifier Number (UEI#) to accept the award and receive payment. If your organization or fiscal sponsor does not have a SAM UEI at the time of application, applicants are highly encouraged to begin the registration process immediately. Process can be lengthy, and funding cannot be issued without this information.

Unique Entity Identifier

The Unique Entity ID is generated in SAM.gov. If your organization is registered in SAM.gov (active or not), you already have a Unique Entity ID. It is viewable at SAM.gov:

<https://sam.gov/entity-registration>

Arts Foundation grantees must maintain current information in the SAM. This requires the grantee to review and update the information at least annually after the initial registration, and more frequently if required by changes in organization's information.

Resource

The National Endowment for the Arts has a very helpful guide to describe the process:

- <https://www.arts.gov/grants/first-time-applicant-guide-for-organizations>

Beginning April 4, 2022, the Unique Entity ID from SAM.gov is the authoritative identifier for those doing business with the federal government. The DUNS Number is no longer valid for federal award identification. All of the Integrated Award Environment (IAE) systems- SAM.gov, eSRS, FSRS, FPDS, FAPIIS, and CPARS- are now only using the Unique Entity ID to identify entities.

1. Nondiscrimination Policies

As condition of receipt of federal financial assistance, you acknowledge and agree to execute your project, and require any contractors, successors, transferees, and assignees to comply with applicable provisions of national laws and policies prohibiting discrimination, including but not limited to:

- 1.1.1. Title VI of the Civil Rights Act of 1964, as amended, and implemented by the National Endowment for the Arts at 45 USC 1110, provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance. Title VI also extends protection to persons with limited English proficiency (42 USC 2000d et seq.)
- 1.1.2. As clarified by Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. You are encouraged to consider the need for language services for LEP persons in conducting your programs and activities.
- 1.1.3. Title IX of the Education Amendments of 1972, as amended, provides that no person in the United States shall, on the basis of sex, be excluded from participation in, be denied benefits of, or be subject to discrimination under any education program or activity receiving federal financial assistance (20 USC 1681 et seq.)

- 1.1.6.1. Access should be integrated into all facets and activities of an organization, from day-to-day operations to long range goals and objectives. Access accommodations and services should be given a high priority and funds should be available for these services. All organizations are legally required to provide reasonable and necessary accommodations for staff and visitors with disabilities.

The completed workbook or similar compliance and supporting documentation should be kept on file for a period of three (3) years from the date the Federal Financial Report (FFR) is filed and made available to the public and the NEA upon request. The NEA may request the 504 Workbook or your compliance documents for various potential scenarios including an Inspector General audit and/or civil rights investigation.

- 2.2. The National Historic Preservation Act of 1966, as amended, applies to any federal funds that support activities that have the potential to impact any structure eligible for or on the National Updated 3.7.2023 Additional update 11.13.24 to correct links.  - 3.1.1.3. Any other cause of so serious or compelling a nature that it affects an organization’s present responsibility.
- 3.1.2. In these circumstances, we may need to act quickly to protect the interest of the government by suspending your funding while we undertake an investigation of the specific facts. We may coordinate our suspension actions with other federal agencies that have an interest in our findings. A suspension may result in your debarment from receiving federal funding government-wide for up to three (3) years.

4. **The Drug Free Workplace Act** requires you to publish a statement about your drug-free workplace program. You must give a copy of this statement to each employee (including consultants and temporary personnel) who will be involved in award-supported activities at any site where these activities will be carried out.

5. **Lobbying.** You may not conduct political lobbying, as defined in the statutes and regulations listed below, within your federally-supported project. In addition, you may not use federal funds for lobbying specifically to obtain awards. For definitions and other information on these restrictions, refer to the following:
 - 5.1. No part of the money appropriated by any enactment of Congress shall, in the absence of express authorization by Congress, be used directly or indirectly to pay for any personal service, advertisement, telegram, telephone, letter, printed or written matter, or other device, intended or designed to influence in any manner a Member of Congress, a jurisdiction, or an official of any government, to favor, adopt, or oppose, by vote or otherwise, any legislation, law, ratification, policy, or appropriation, whether before or after the introduction of any bill, measure, or resolution proposing such legislation, law, ratification, policy, or appropriation, but this shall not prevent officers or employees of the United States or of its departments or agencies from communicating to any such Member or official, at his request, or to Congress or such official, through the proper official channels, request for any legislation, law, ratification, policy, or appropriations which they deem necessary for the efficient conduct of the public business, or from making any communication whose prohibition by this section might, in the opinion of the Attorney General, violate the Constitution or interfere with the conduct of foreign policy, counter-intelligence, intelligence, or national security activities (18 USC 1913).
 - 5.2. Lobbying (2 CFR 200.450) describes the cost of certain influencing activities associated with obtaining grants, contracts, cooperative agreements, or loans as an unallowable project cost. The regulation generally defines lobbying as conduct intended to influence the outcome of elections or to influence elected officials regarding pending legislation, either directly or through specific lobbying appeals to the public.
 - 5.3. Certification Regarding Lobbying to Obtain Awards. Section 319 of Public Law 101-121, codified at 31 USC 1352, prohibits the use of federal funds in lobbying members and employees of Congress, as well as employees of federal agencies, with respect to the

award or amendment of any federal grant, cooperative agreement, contract, or loan. While non-federal funds may be used for such activities, they may not be included in your project budget, and their use must be disclosed to the awarding federal agency. Disclosure of lobbying activities by long-term employees (employed or expected to be employed for more than 130 days) is, however, not required. In addition, the law exempts from definition of lobbying certain professional and technical services by applicants and awardees.
